

Kindness

Kind Words

Objective: To understand that kind words attract the heart and to practice saying kind phrases.

This game has been adapted from the Hidden Gems Teacher's Resource Material, Level 3.

Draw a big heart on a thick piece of A4 size paper. Red colored paper is preferred.

Glue paper clips or strips of a similar metal on the heart.

Cut out the squares on the following page to make small cards.

Glue a small magnet on each card that has a kind phrase or word on it, such as "Please," "thank you," "may I," "let me help you." etc. The other cards, with unkind phrases will not have magnets.

Make several sets of the heart and cards.

The children will take turns reading the cards or listening to the teacher while she reads them.

Then ask the children to stick the cards onto the heart.

The kind words will 'stick,' whereas the unkind words will not.
